ANGRY CROWD AT HOME OF MISSING BANK MAN.

Officer Leaves New Britain, Ct., With Warrant for Treasurer Walker's Arrest.

New Haven, Ct., Feb. 15.—An angry crowd surrounded the home of New Britain's missing bank treasurer yesterday, and the bank was crowded with depositors giving 90 days' notice of withdrawal of funds.

Bank officials announce that Defendant Walker will be prosecuted to the full extent of the law. Chief of Police William J. Rawlings left for New York on an early train today with a warrant for the arrest of Walker, accused of being responsible for a shortage of \$550,000.

Walker is charged with appropriating two bonds, valued at \$1,000 each. No formal application was made by the bank's representatives for the arrest of Walker, so Prosecuting Attorney Mitchell got out the warrant on his own account.

PULJANES MURDER SIX.

Burn Philippine Towns—Two American Teachers Reported Missing.

Manila, Feb. 15.—Puljanas attacked and burned two towns in the province of Occidental Negros Wednesday and killed six members of the constabulary. Two American teachers, W. J. Bassett and Walter J. L. Lee, are reported to be missing. No cause is known for the sudden uprising. Raids were made within a radius of ten miles and schools were first attacked and burned in both instances.

The province of Occidental Negros has been free from disturbances for four years. It is believed that the raiders were mountaineers venting their hereditary enmity against the coast towns.

The entire archipelago is stirred by the pending political campaign. There is an exodus of politicians from Manila, as the election law requires a residence in the provinces for candidates for the assembly.

The government party has reorganized as the National Progressives. Dominador Gomez and some prominent Filipinos have formed the Union National party out of several immediate independence organizations. The Union Nationalists recognize the present inability of the Filipinos to carry on self-government, but ask that a definite policy be declared toward the Philippines having in view future absolute independence. Gomez scored a victory in the special election for governor of Cavite. The campaign is active in every province.

Only Two Sides. At a public meeting in the west of Scotland, an endeavor was made to establish a temperance society by the people. Several had spoken earnestly in favor of the movement. The parish minister was present, but was silent till near the close. After all had spoken, he said a little in favor of temperance in general, denouncing drunkenness as a great sin, but adding that he saw no need of any pledge or any associations; that each one for himself or herself should be able to use the good gifts of God without abusing them. He had no sooner sat down than a drunken weaver staggered to his feet in the body of the hall, exclaiming: "That's right, sir—that's right, ye're on our side."

The minister rose on the instant, pale and under deep emotion, saying in tones of great solemnity: "If I am on your side, sir, I am wrong." This was the turning point with him on that question. His temperance theory was scattered to the winds before the demonstrative power of stern experience. The proposed temperance society was formed, and the minister's name headed the list. There are only two sides in this warfare; on which side are you?

Water Warning.

All those using water from the McFarland & Boyce system, who are obliged to keep the water running to prevent it from freezing must be very sparing of it, as so many mill streams running at once reduce the pressure and inconvenience some of our customers. A small stream will protect the pipe just as well as a large one and will not interfere with others. Any person not heeding this warning will be shut off upon our gaining knowledge of the fact.

TO SIGN ERE WEEK IS OVER.

Belief as to Action of Parties to Leases of Churches Throughout France.

Paris, Feb. 15.—M. Briand, minister of education, is silent relative to the negotiations between Mgr. Amette, the coadjutor archbishop of Paris, and the prefect of the Seine, M. de Selvas, on the subject of the modified contract for the lease of the church. Drafts of contracts have already been exchanged, and it is possible that the parish priests of Paris and M. de Selvas may exchange signatures before the week ends.

The draft drawn up by Mgr. Amette requires a priest to replace another to present to the mayor of the district or to the prefect a notification bearing his bishop's seal, whereupon the mayor would accept the new priest as a legal successor to the old.

The press is expressing the heartiest satisfaction at the prospect of an end to the religious dispute.

KIDNEY TROUBLES

The kidneys are essential organs for keeping the body free from impurities. If they should fail to work death would ensue in very short time.

Indigestion or irritation caused by some feminine derangement may spread to some extent to the kidneys and affect them. The cause can be so far removed by using Lydia E. Pinkham's Vegetable Compound that the trouble will disappear.

When a woman is troubled with pain or weight in loins, backache, swelling of the limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys, she should lose no time in commencing treatment with

HOME RULE FOR IRELAND?

Seems Favored by British Government

ONLY WAY, SAYS BIRRELL

Which is Satisfactory—Canadian Tariff Causes Much Surprise—Against American Shoes and Agricultural Produce.

London, Feb. 15.—In the House of Commons yesterday Augustine Birrell, who has just succeeded Mr. Bryce as Chief Secretary of Ireland, in a reply to a question raised by Walter Hume Long, former Chief Secretary for Ireland, during the discussion of the bill to improve the Government of Ireland, said:

"The Prime Minister and myself are perfectly satisfied that the only solution that would give satisfaction to the majority of the population of Ireland would be what is generally called a home rule Parliament. This being so, the prime minister would never make himself responsible for any measure which might obstruct or interfere with the fulfillment of these hopes. This statement was greeted with loud ministerial and Nationalist cheers.

Replying to the complaint of the Labor party, that old age pensions were

not mentioned in his majesty's speech, Herbert H. Asquith, Chancellor of the Exchequer, agreed that the figure of a man or woman who in old age, through no fault of their own, was compelled to beg for bread or lodging was an eyesore upon the social system and a standing and crying reproach upon statesmanship. He said he was most anxious to make a start, but that the only obstacle was where to find the money. He believed they had to proceed more or less tentatively by stages, and installments, and that he wished to insure the House that his colleagues, like himself, already desired full power to solve the question. The debate, which touched also upon other subjects contained in the king's speech, occupied the entire sitting of the House.

ULTIMATUM TO THE PORTE.

If Fehmi Pasha Is Not Punished for Seizing German Cargo.

Constantinople, Feb. 15.—(Growing impatience is manifested at the German embassy here owing to the delay of the Porte and palace officials in connection with the demands for the punishment of Fehmi Pasha, chief of the secret police of the palace, whose punishment has been demanded as a result of his seizure of a ship's cargo intended for Hamburg.)

It is understood that if the Turkish authorities do not accord satisfaction to the embassy within two or three days, the German ambassador will present an ultimatum, which it is added, will undoubtedly result in a speedy settlement of the dispute.
